I strongly encourage you to reconsider your action against Uber in South Carolina. In a town like Myrtle Beach, Uber helps more people stay safe and NOT behind the wheel after they've had a fun night out and probably too much to drink. This is a service that literally saves lives!

-William Files

I deserve access to safe, affordable transportation options and Uber provides just that. Removing ridesharing from South Carolina harms the tens of thousands of riders who rely on the Uber platform for safe, low-cost rides. Please remove your cease & desist order against the company.
